

# Eden Prairie's Elected Officials and City Staff Betrayed the Public

**City of Eden Prairie spends  
taxpayer dollars to lobby  
Flying Cloud Airport Expansion  
in Washington D.C. without public  
disclosure, or discussion.**

**As required by:**

**SECTION 2.04. CODE OF ETHICS FOR PUBLIC OFFICIALS OF THE CITY  
Subd. 1. General Declaration of Policy. The proper operation of democratic  
government requires that public officials be independent, impartial, and responsible  
to the people.**

#### **Excerpt from letter delivered to federal legislators**

I am providing this report as a demonstration of the new, positive relationship between the City of Eden Prairie and the MAC. The City Council sees Flying Cloud Airport as an important economic development amenity for our City. The City's new position on the airport is supported by the Eden Prairie Chamber of Commerce and by many members of the Eden Prairie corporate business community. **The City Council wants Eden Prairie's federal legislators to know that the City supports the MAC's plans for development at Flying Cloud Airport and requests that our federal legislators support administrative and financial efforts to improve and expand Flying Cloud Airport.**

Respectfully Submitted,

Scott H. Neal,  
City Manager
